2. Cancellation. AirStaO 2300.7D and AirStaO 3010.1F.

3. Information

a. It is necessary to have efficient, rapid means of recalling Marine Corps Air Station (MCAS), Cherry Point personnel and advising tenant Commanders of disasters, national emergencies, destructive weather or any other such emergency or operational information. This Order assigns responsibilities and establishes procedures for frost calls and emergency recall of MCAS, Cherry Point personnel who are in a liberty or non-duty status and will be executed during working and non-working hours. After the recall has been executed and regular working spaces manned, additional information and instructions will be issued via Frost Call, which will consist of one sentence and will be submitted to the Chief of Staff via the Staff Secretary for approval.

b. Civilian employees, who are recalled after normal working hours, are entitled to two hours call back overtime even though they may be needed less than two hours. Should the employee be required more than two hours, overtime payment would be made for the amount of time retained. Additionally, Supervisors are directed to adhere to those provisions contained within their respective negotiated agreements related to call back overtime, for bargaining unit employees.

4. Procedures

a. Emergency recall/Frost Call of MCAS, Cherry Point personnel and notification of tenant Commanders will be accomplished by a series of telephone calls as set forth in enclosure (1), or by the use of motorized public address teams and local TV/radio station announcements.

b. The Adjutant shall ensure that a current copy of the Emergency Personnel Recall List is maintained in the MCAS Command Duty Officer (CDO) binder.

c. Directors, Department Heads, Commanding Officers, and Special Staff Officers shall ensure:

(1) Emergency personnel are designated for recall purposes in response to destructive weather and other emergent situations.

(2) That procedures exists within their organizations to pass frost call information expeditiously and for the recall of assigned personnel during non-working hours.

(3) That sufficient copies of the Emergency Personnel Recall List are maintained in the home environment of responsible subordinate Staff Officers or civilian employees to adequately execute this Order.

5. Action

a. Actual Emergency Recall/Frost Call

(1) The Staff Secretary SSEC or MCAS CDO will activate the emergency recall/frost call system when directed by the Commanding General, the Chief of Staff, or Director of Operations. The SSEC or CDO will notify the officers and other designated personnel as specified in enclosure (1). The Execution Order will specify "THIS IS AN ACTUAL EMERGENCY, ACTIVATE YOUR EMERGENCY RECALL PLAN" or "THIS IS A FROST CALL".

(2) When notified, Directorates, will successively notify the activities listed under their cognizance in accordance with the diagram contained in enclosure (1).

(3) When directed by the responsible officers shown in enclosure (1), Commanding Officers, Directorates, Department Heads, will execute their internal organizational recall/frost call systems.

(4) When directed, the Security Officer/Provost Marshal will dispatch public address teams to announce the recall in specified areas on and off the Air Station.

(5) The assistance of the local TV/radio stations will be requested only on order of the Commanding General.

(6) Tenant commanders/activities as indicated by a (T) in enclosure (1) will be notified by the SSEC or CDO at the discretion of the Commanding General, Chief of Staff, or Director of Operations.

b. Practice of Emergency Recall

(1) Practice Personnel Emergency Recall

(a) A practice personnel emergency recall will require personnel to physically report to their assigned posts. Practice personnel emergency recall drills will not include assigned civilian employees unless Directorates, Department Heads, and/or Department Heads consider it vitally necessary. (See paragraph 6 below).

(b) The SSEC or CDO will activate the practice personnel emergency recall system when directed by the Commanding General, or Chief of Staff. The SSEC or CDO will notify the officers and other designated personnel specified in enclosure (1). The Execution Order will specify, "THIS IS A PRACTICE PERSONNEL EMERGENCY RECALL, ACTIVATE YOUR PERSONNEL EMERGENCY RECALL".

(2) Practice Communications Emergency Recall

(a) A practice communications emergency recall will require Commanding Officers, Directorates, and Department Heads to establish voice contact with their key personnel in accordance with the diagrams contained in the enclosures. Personnel will not be required to report physically to their assigned posts. Civilian employees may be contacted at the discretion of the Directorates or Department Heads.

(b) The SSEC or CDO will activate the practice communications emergency recall system when directed by the Commanding General, Chief of Staff, or Director of Operations. The SSEC or CDO will notify the officers and other designated personnel specified in enclosure (1). The Executive Order will specify "THIS IS A PRACTICE COMMUNICATIONS EMERGENCY RECALL, ACTIVATE YOUR COMMUNICATIONS EMERGENCY RECALL PLAN".

6. Reports

a. Justification for recalling assigned civilian employees will be submitted to the Director of Operations upon completion of the exercise.

b. All Commanding Officers, Directorates, Department Heads, and Staff Officers shown in enclosure (1) will submit a verbal and/or written report to the office originally notifying them of a recall. Reports will be submitted in 30-minute intervals from the time the recall is initiated until otherwise directed. Reports will contain the percentage of personnel on board/contacted as required by type of recall:

Examples

Actual Emergency Recall/Frost Call -

"H&HS reports 35% of personnel on board."

Practice Personnel Emergency Recall -

"Airfield Operations reports 60% of personnel on board."

Practice Communications Emergency Recall -

"FAC reports 65% of personnel contacted."

7. Summary of Revision. This Order has been updated to combine the Emergency Recall and Frost Call Order, and reflects the current Command recall structure as designated in enclosure (1). This Order contains major changes and should be reviewed in its entirety.
